Notice on Discontinuation of Anti-Loosening Service Coating Agent SG-160

Dear Valued Customer,

We hope you are doing well and appreciate your constant business support of NBK.
Our Anti-Loosening Service SG-160 is to be discontinued.
As an alternate service, we recommend Anti-Loosening Service SG-161.
Thank you for your understanding.

① Discontinued product: Anti-Loosening Service SG-160

② Alternative item: Anti-Loosening Service SG-161

*1: The adhesion force is the result of M6 testing. It also indicates the loosening torque when tightened at 8 N·m. The heat resistant temperature indicates the limit temperature at which the loosening torque exceeds the tightening torque. The above values are for reference only. They are not guaranteed values. Make sure that there is no problem with your final product when using them.

[Planned Discontinuation Date]

Through orders placed by August 31*

*Discontinuation may take place earlier than planned. Please take note.

Please do not hesitate to contact us if you have any questions.

Sincerely yours,

Masashi Sugiyama
