

SRCB Bits for Cross Recessed (with Pin) Tamper - Resistant Screws

Tamper Resistance

- Short bit for tamper-resistance screws with a pin at the center of the cross recess.
- Use in combination with the dedicated magnetic screwdriver **SRD** and commercial bit-interchangeable screwdrivers.
- If combining with a tool with a deep bit insertion depth, use the **SKABA** Adapter for Short Bit.
- Application

Mounting and removing the tamper resistant screws

Unit : mm
